

Adding Supplier Contacts

You can create new contacts on your account by clicking on the Contacts tab then create new contact.

The screenshot displays the Crawford system interface. At the top, there are two tabs: "CONTACTS" and "SUPPLIERS". The "CONTACTS" tab is selected. Below the tabs, there is a large empty space. On the right side of this space, there is a button labeled "Create New Contact". An arrow points from this button to a "Supplier Contact Details" form. The form contains the following fields:

- First Name
- Last Name
- Position
- Email Address
- Status
- CONTACT NUMBERS

The form also includes a "SAVE SUPPLIER CONTACT" button and a "CLOSE" button.

Once the account has been created the you can then edit, remove or send a registration email to the new contact.
